- Properties are classified as to the type of home that can be built: House, Cottage or Villa.
- Houses have larger size and setback requirements compared to Cottages.
- Villas are independent properties sharing a common side wall. Membership in the Heron Walk Association, at a fee of \$460 per quarter, is required. The Association provides services such as: some external maintenance, landscaping services and pest control. Cottages and Villas qualify for short-term rental, making them ideal second homes or investment properties. Any property can be leased longterm, with approval of the POA.
